

A Message from Our CEO

It's a new day at Catholic Care Center! We are living, we are loving, and we are showing the world how to care for seniors in new and exciting ways! As we emerge from the challenges of the past year, we hold tight to the mission of knowing, loving, and serving that has been the foundation for the first thirty years of our ministry, while also moving forward passionately to find innovative ways of providing outstanding care and support to seniors.

We understand the importance of family, and the important role that family interaction plays in the wellbeing of our residents. Our team is working each day to provide safe, convenient opportunities for resident and family visits across our community. Catholic Care is also increasing the variety and frequency of our activities and programs so that residents have ample engagement opportunities to promote social, emotional, spiritual, and physical health. Recently we've added shopping outings, fitness classes, art programs, and a variety of card and game playing back to the calendar. We are truly blessed to again be celebrating daily Catholic Mass twice each day in our beautiful on-site chapels.

The events of the past year were some of the most challenging we have ever faced, but they also taught us some important lessons. We were reminded to never take for granted the time spent with those we care about, to always say "I love you," when you feel it in your heart, and to treasure each day because it truly is a gift from God. Instead of getting back to "normal" our community is focused on applying these and all the lessons we learned to create the type of resident experience that all seniors deserve, we want to be an even better place to call home, and to help those we are blessed to care for to live each day with hope, love, and joy!

If you or someone you know is considering a move, I hope that you will consider joining us at Catholic Care Center. We would be honored to welcome you to our campus family, and look forward to counting you among our friends!

Sincerely,

Cindy LaFleur
Executive Director
Catholic Care Center
